Good morning, Sunshine!

For many people, today is just your average Thursday. But not for our CCHS community! Today, we RISE & SHINE for our orphan disease.

At this moment, over 100 CCHS families are gathered in Newport Beach, California for the CCHS Network Family Conference. Unfortunately, we were not able to attend this year but are still adding our voice and light to attract the world's attention.

Did you know that CCHS has been recognized for over 40 years yet does not have a single drug?

Did you know that some families must fight their insurance company just to obtain a proper ventilator?

Did you know that it still takes months or even years before some families receive an accurate diagnosis?

So today, on this very important Thursday, we are asking for your help in brightening our community's future. Please consider making a donation to the CCHS Network to strengthen its impact on research, education and family support. This can be done by...

- Texting SHINE4CCHS to 44321. Please be sure to hit the "Dedicate This Gift" button under the amount to increase my chances of winning a prize.
- Or going to www.cchsnetwork.org/donate and select "Honorary Gift" to include my name.

During this evening's dinner reception at the conference, the lights will blink for every hundred dollars collectively raised! So please try to make your donation by 7p PST if possible. And remember...every single penny makes a difference so no amount is too big or too small.

Thank you, as always, for your love and support!
